- * The fields of medical treatment, are based on January, Reiwa 4 .
- * For more information, contact the appropriate medical institution.
- * For more information contact the appropriate institution which can be found by searching using "Find medical institution" at "Tochigi Medical Information Net" at (URL: <http://www.qq.pref.tochigi.lg.jp/>)

Let's have a "Family Doctor"

"Family Doctor" is a familiar physician(dentist) or pharmacist who provides primary care and disease prevention for the whole family and is willing to offer consultation when you worry about health.

○ Learn more about "Family Doctor"

- easy to understand and consult with
- coordinates other specialists if needed
- You can easily go to hospitals and chemists
- You can have several family doctors such as internal medicine and orthopedics.

If you feel discomfort, consult your "family doctor" immediately and fulfil a stable and healthy life.
